SHIP RECYCLING MARKET WEEKLY

The demolition prices continued to rise, driven by scarcity of available tonnage. Despite the concerns and the lockdown restrictions from the surge of Covid-19, the upturn of the recycling markets seem will be continued in the rest of summer/monsoon months. Bangladesh maintained its uplifting course with prices above the barrier of USD 600/LTD. The same upward trend had been followed by Pakistani recyclers. Meanwhile, India's prices had been subdued mainly by transport strike in Alang.
