Demolition: Bangladesh buyers have raised their numbers noticeably to retain their position as the best payers in the region, as reflected by the 1994-built OCEANIC STAR (69,043 dwt) at region USD 540 - 545 per LT including bunkers, while candidates remain scarce with owners keeping older tonnage trading in the strong freight markets. India remained calm, with the festive season weighing on local steel demand but specialist units still attracting interest. Pakistan was quieter, with local plate prices falling and interest rates raised to 12%, while Turkey held steady on limited supply.
